***Election/Restrictions***

Applicant's election with traverse of Species III in the reply filed on 09/26/05 is acknowledged.

Claims 26-27, and 30 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected Species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 09/26/05.

With regards to the Applicant's arguments, the non-elected species of a stair step or platform or bag have separate classifications in 182/223 and 190/1 respectively from the elected species of a portable and collapsible cot that is classified in 5/113. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 3, 5-6, 12-25, 28, -29, and 32 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 1 and 32, it is unclear how the bottom end of the vertical leg portions (110,120,130,140) disengages the corner footer 300 when the cot is in the folded position. Specifically, it is confusing how the user is able to bend back the bottom of each clip 80 once the bottom end of the vertical leg portions are within the top opening 315 and the pin 84 is engaged in the side opening 325 of the footer.

***Allowable Subject Matter***

Claims 1, 3, 5-6, 12-25, 28-29, and 32 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claim 31 is allowed.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
